**Main Street Capital Announces Monthly Dividends for July, August
and September 2009 of \$0.125 Per Share**

Confirms Projected Dividend Range of \$1.50 to \$1.65 Per Share for 2009

HOUSTON, TEXAS, May 27, 2009 – Main Street Capital Corporation (NASDAQ-GS: MAIN) (“Main Street”) announced today that its Board of Directors declared monthly dividends of \$0.125 per share for July, August and September 2009. These monthly dividends, which will be payable pursuant to the table below, equate to a total of \$0.375 per share for the third quarter of 2009. The dividends declared for the third quarter of 2009 represent a 4.2% increase from the dividends per share paid in the third quarter of 2008. The dividends per share for the third quarter of 2009 also equate to an approximate annualized yield of 11.4% based on Main Street’s current share price. Including the dividends declared for the third quarter of 2009, Main Street will have paid \$2.88 in cumulative dividends since its October 2007 initial public offering.

Summary of Third Quarter 2009 Monthly Dividends

Declared	Ex-Dividend Date	Record Date	Payment Date	Amount Per Share
6/3/09	6/17/09	6/19/09	7/15/09	\$ 0.125
6/3/09	7/17/09	7/21/09	8/14/09	\$ 0.125
6/3/09	8/18/09	8/20/09	9/15/09	\$ 0.125
Total for Third Quarter 2009:				\$ 0.375

Main Street also confirmed its projected dividend range of \$1.50 to \$1.65 per share for calendar year 2009. The estimated range for total 2009 dividends was determined based upon projections of 2009 taxable income, anticipated 2009 portfolio activity, and the estimated amount of undistributed 2008 taxable income (or "spillover income") which will be utilized to pay dividends during 2009. Main Street will continue to provide quarterly updates to its 2009 dividend guidance based upon actual 2009 taxable income and portfolio activity.

Main Street's dividends are paid from taxable income, which includes both ordinary taxable income and capital gains. The Board declares dividends based on estimates of taxable income available for distribution, which differs from book income due to (i) changes in unrealized appreciation and depreciation, (ii) temporary and permanent differences in income and expense recognition, and (iii) the amount of undistributed taxable income carried over from the prior year for distribution in the current year. It is currently estimated that the third quarter 2009 dividends will consist substantially of ordinary income for tax purposes. It is also currently anticipated that the cumulative 2009 taxable dividends through the third quarter of 2009 will principally consist of ordinary income for tax purposes. The final determination of 2009 taxable income, as well as the tax attributes for 2009 taxable dividends, will be made after the close of the 2009 tax year and may differ from the estimates above.

Main Street maintains a dividend reinvestment plan ("DRIP") that provides for the reinvestment of dividends on behalf of its stockholders, unless a stockholder has elected to receive dividends in cash. As a result, if Main Street declares a cash dividend, our stockholders who have not "opted out" of the DRIP by the dividend record date will have their cash dividend automatically reinvested into additional shares of our common stock. Main Street has the option to satisfy the share requirements of the DRIP through the issuance of new shares of common stock or through open market purchases of common stock by the DRIP plan administrator. Newly-issued shares will be valued based upon the final closing price of Main Street's common stock on a specified valuation date for each dividend as determined by Main Street's Board of Directors. Shares purchased in the open market to satisfy the DRIP requirements will be valued based upon the average price of the applicable shares purchased by the DRIP plan administrator, before any associated brokerage or other costs.
