MAIN STREET CAPITAL ANNOUNCES MONTHLY DIVIDENDS FOR JULY, AUGUST AND SEPTEMBER 2010 OF \$0.125 PER SHARE

HOUSTON, TEXAS, June 3, 2010 — Main Street Capital Corporation (NASDAQ-GS: MAIN) (“Main Street”) announced today that its Board of Directors declared monthly dividends of \$0.125 per share for each of July, August and September 2010. These monthly dividends, which will be payable pursuant to the table below, equate to a total of \$0.375 per share for the third quarter of 2010. The dividends per share for the third quarter of 2010 also equate to an approximate annualized yield of 10.3% based on Main Street’s current share price. Including the dividends declared for the third quarter of 2010, Main Street will have paid \$4.38 per share in cumulative dividends since its October 2007 initial public offering.

When declaring dividends, the Main Street Board of Directors reviews estimates of taxable income available for distribution, which differs from consolidated book income due to (i) changes in unrealized appreciation and depreciation, (ii) temporary and permanent differences in income and expense recognition, (iii) activity at our taxable subsidiaries, and (iv) the amount of undistributed taxable income (or “spillover income”) carried over from the prior year for distribution in the current year. The final determination of 2010 taxable income as well as the tax attributes for 2010 dividends will be made after the close of the 2010 tax year. The final tax attributes for 2010 dividends will generally include both ordinary taxable income and capital gains but may also include qualified dividends and return of capital.

Main Street maintains a dividend reinvestment plan (“DRIP”) that provides for the reinvestment of dividends on behalf of its stockholders, unless a stockholder has elected to receive dividends in cash. As a result, if Main Street declares a dividend, our stockholders who have not “opted out” of the DRIP by the dividend record date will have their dividend automatically reinvested into additional shares of our common stock. Main Street has the option to satisfy the share requirements of the DRIP through the issuance of new shares of common stock or through open market purchases of common stock by the DRIP plan administrator. Newly-issued shares will be valued based upon the final closing price of Main Street’s common stock on a specified valuation date for each dividend as determined by Main Street’s Board of Directors. Shares purchased in the open market to satisfy the DRIP requirements will be valued based upon the average price of the applicable shares purchased by the DRIP plan administrator, before any associated brokerage or other costs.
