PROXY STATEMENT 2023 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This proxy statement and accompanying proxy card is being mailed to the stockholders of Main Street Capital Corporation (“Main Street,” the “Company,” “we,” “us,” or “our”) beginning on March 20, 2023. Our Board of Directors (the “Board”) is soliciting your proxy to vote your shares at our 2023 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on May 1, 2023 at Hotel Emma, Cellar J, 136 East Grayson, San Antonio, Texas 78215, at 9:00 AM local time. The Company will bear all expenses incurred in connection with this proxy solicitation, which we expect to conduct primarily by mail. In addition, our officers and regular employees may solicit your proxy by telephone, by electronic means or in person, for which they will not be separately compensated. If your shares are held through a broker or other nominee (*i.e.*, in “street name”), we have requested that your broker or nominee forward this proxy statement to you and obtain your voting instructions, for which the Company will reimburse them for reasonable out-of-pocket expenses.

The Securities and Exchange Commission (the “SEC”) has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies.

Brokers may be householding our proxy materials by delivering a single proxy statement and annual report to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, or if you are receiving multiple copies of the proxy statement and annual report and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you are a stockholder of record. You can notify us by sending a written request to: Main Street Capital Corporation, Corporate Secretary’s Office, 1300 Post Oak Blvd., 8th Floor, Houston, Texas 77056, or by calling (713) 350-6000. In addition, we will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the annual report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

VOTING INFORMATION

Record Date and Who May Vote

Our Board selected February 28, 2023 as the record date (the “Record Date”) for determining stockholders entitled to vote at the Annual Meeting. This means that if you were a registered stockholder with our transfer agent and registrar, American Stock Transfer and Trust Company, as of the close of business on the Record Date, you may vote your shares on the matters to be considered by our stockholders at the Annual Meeting. If your shares were held in street name on that date, the broker or other nominee that was the record holder of your shares has the authority to vote them at the Annual Meeting in accordance with your instructions. They have forwarded to you this proxy statement seeking your instructions on how you want your shares voted.

As of the close of business on the Record Date, 79,549,951 shares of our common stock were outstanding. Each outstanding share of common stock entitles its holder to one vote on each matter to be acted on at the Annual Meeting.

How to Vote

For shares held of record, you can vote your shares in person at the Annual Meeting or vote now by giving us your proxy. You may give us your proxy by completing the enclosed proxy card and returning it in the enclosed U.S. postage-prepaid envelope, or by calling a toll-free telephone number or using the Internet as further described on the enclosed proxy card. Telephone and Internet voting procedures have been designed to verify your identity through a personal identification or control number and to confirm that your voting instructions have been properly recorded. If you vote using either of these electronic means, you will save us return mail expense.

By giving us your proxy, you will be directing us on how to vote your shares at the Annual Meeting and at any postponement or adjournment thereof. Even if you plan on attending the Annual Meeting, we urge you to vote now by giving us your proxy. This will ensure that your vote is represented at the Annual Meeting. If you do attend the Annual Meeting, you can change your vote at that time, if you then desire to do so.

If your shares are held in street name, the broker or nominee that holds your shares has the authority to vote them, absent your approval, only on the proposal to ratify our appointment of our independent registered public accounting firm. For all other matters to be voted on at the Annual Meeting, the broker or nominee that holds your shares will need to obtain your authorization to vote those shares and has enclosed a voting instruction form with this proxy statement. In either case, they will vote your shares as you direct on their voting instruction form. You can vote by following the instructions included in your broker's voting instruction form.

If your shares are held in street name and you want to vote your shares in person at the Annual Meeting, you must obtain a valid proxy from your broker or nominee. You should refer to the instructions provided in the enclosed voting instruction form for further information. Additionally, the availability of telephone or Internet voting depends on the voting process used by the broker or nominee that holds your shares.

You may receive more than one proxy statement and proxy card or voting instruction form if your shares are held through more than one account (e.g., through different brokers or nominees). Each proxy card or voting instruction form only covers those shares of common stock held in the applicable account. If you hold shares in more than one account, you will have to provide voting instructions as to all your accounts to vote all your shares.

How to Revoke or Change Your Vote

For shares held of record, you may revoke a proxy or change your vote at any time before it is exercised by written notice to our Corporate Secretary, granting a new proxy or by voting in person at the Annual Meeting. Unless you attend the Annual Meeting and vote your shares in person, you should change your vote using the same method (by telephone, Internet or mail) that you first used to vote your shares. That way, the inspectors of election for the meeting will be able to verify your latest vote.

For shares held in street name, you should follow the instructions in the voting instruction form provided by your broker or nominee to change your vote. If you want to change your vote as to shares held in street name by voting in person at the Annual Meeting, you must obtain a valid proxy from the broker or nominee that holds those shares for you.

Quorum

The Annual Meeting will be held only if a quorum exists. The presence at the Annual Meeting, in person or by proxy, of holders of a majority of our outstanding shares of common stock as of the Record Date will constitute a quorum. If you attend the meeting or vote your shares using the enclosed proxy card or voting instruction form (including any telephone or Internet voting procedures provided), your shares will be counted toward a quorum, even if you abstain from voting on a particular matter.

Broker Non-Votes

If you are the beneficial owner of shares held through a broker or other nominee and do not vote your shares or provide voting instructions, your broker may vote for you on routine proposals but not on non-routine proposals. Therefore, if you do not vote on the non-routine proposals or provide voting instructions, your broker will not be allowed to vote your shares — this will result in a *broker non-vote*. At the Annual Meeting, brokers will have discretionary authority to vote shares on the ratification of the appointment of our independent registered public accounting firm (ITEM 2), which is the only routine proposal to be presented at the Annual Meeting. If brokers exercise this discretionary voting authority on ITEM 2, such shares will be considered present at the Annual Meeting for quorum purposes and broker non-votes will occur as to each of the other proposals presented at the Annual Meeting (ITEMS 1, 3, 4, and 5), which are considered non-routine.

Proposals to Be Voted on; Vote Required; and How Votes Are Counted

We are asking you to vote on the following:

- the election of all of the members of our Board;
- the ratification of our appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2023;
- an advisory vote on executive compensation;
- an advisory vote on the frequency of the advisory vote on executive compensation; and
- the amendment of our Charter to allow stockholders to amend our bylaws by the affirmative vote of a majority of all votes entitled to be cast on the matter.

Election of Directors. Directors are elected by a majority of the votes cast at the Annual Meeting, in person or by proxy, with respect to each director in an uncontested election, such that a nominee for director will be elected to the Board if the votes cast FOR the nominee’s election exceed the votes cast AGAINST such nominee’s election. Abstentions and broker non-votes are not counted as votes cast for purposes of the election of directors and, therefore, will have no effect on the outcome of such election. Even if a nominee is not re-elected, he or she will remain in office as a director until his or her earlier resignation or removal. Each of the current director nominees has signed a letter of resignation that will be effective if the nominee is not re-elected at the Annual Meeting and the Board accepts his or her resignation following the meeting. If a nominee is not re-elected, the Board will decide whether to accept the director’s resignation in accordance with the procedures listed in our Corporate Governance and Stock Ownership Guidelines, which are available at www.mainstcapital.com under “Governance — Governance Documents” in the “Investors” section of our website.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes cast at the Annual Meeting, in person or by proxy, is required to ratify the appointment of Grant Thornton LLP to serve as our independent registered public accounting firm. Abstentions will not be included in determining the number of votes cast and, as a result, will not have any effect on the result of the vote on this item.

Advisory Vote on Executive Compensation. The affirmative vote of a majority of the votes cast at the Annual Meeting, in person or by proxy, is required for the approval of the resolution in this proposal. Abstentions and broker non-votes will not be included in determining the number of votes cast and, as a result, will not have any effect on the result of the vote on this item. Even though your vote is advisory and therefore not binding on us, the Compensation Committee of our Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation. The period (every one year, two years or three years) receiving the greatest number of votes as set forth in this proposal will be deemed the choice of the frequency for the advisory vote on executive compensation that has been selected by our stockholders on an advisory basis. Abstentions will not be included in determining the number of votes cast and, as a result, will not have any effect on the result of the vote on this item. Even though your vote is advisory and therefore will not be binding on us, the Compensation Committee of our Board will review the voting results and take them into consideration when making future decisions regarding the frequency of the advisory vote on executive compensation.

Amendment of Our Charter. The affirmative vote of a majority of all the votes entitled to be cast on the matter is required to amend our Charter to allow our stockholders to amend our bylaws by the affirmative vote of a majority of all the votes entitled to be cast on the matter. For purposes of the vote to amend our Charter, abstentions and broker non-votes will have the effect of a vote against this item.

We are not aware of any other matters that may be presented or acted on at the Annual Meeting. If you vote by signing and returning the enclosed proxy card or using the telephone or Internet voting procedures, the individuals named as proxies on the card may vote your shares, in their discretion, on any other matter requiring a stockholder vote that comes before the Annual Meeting.

Confidential Voting

All voted proxies and ballots will be handled to protect your voting privacy as a stockholder. Your vote will not be disclosed except:

- to meet any legal requirements;
- to permit the inspectors of election to tabulate and certify your vote; or
- to adequately respond to your written comments on your proxy card.

**ELECTION OF DIRECTORS
(ITEM 1)**

Each member of our Board serves until the next annual meeting of stockholders and until his or her respective successor is duly elected and qualifies. Currently, our Board has eight members, of whom six are not “interested persons” of Main Street, as defined in the Investment Company Act of 1940 (the “1940 Act”). The 1940 Act requires that our Board be composed of a majority of members who are not “interested persons” of Main Street. In addition, the New York Stock Exchange Listed Company Manual requires that we maintain a majority of independent directors on the Board and provides that a director of a business development company, like us, shall be considered to be independent if he or she is not an “interested person” of the business development company, as defined in the 1940 Act.

The term of office of all directors will expire at this year’s Annual Meeting. On the recommendation of the Nominating and Corporate Governance Committee and the nomination of our Board, each of the eight nominees named below, all of whom are presently members of our Board, will stand for re-election as directors at the Annual Meeting.

Unless otherwise directed, the persons named as proxies on the enclosed proxy card intend to vote “FOR” the election of the nominees. If any nominee should become unable to serve or, for good cause, will not serve as a director, the shares will be voted for such substitute nominee as may be proposed by our Board. However, we are not aware of any circumstances that would prevent any of the nominees from serving.

Set forth below is certain information (as of the Record Date) with respect to the nominees for election as directors. In addition to the information presented below regarding each nominee’s specific experience, qualifications, attributes and skills that led our Board to the conclusion that he or she should serve as a director, we also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. They each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to Main Street and our Board. The business address of each nominee listed below is 1300 Post Oak Boulevard, 8th Floor, Houston, Texas 77056.

Since this is an uncontested election, directors will be elected by a majority of the votes cast at the Annual Meeting, in person or by proxy, such that a nominee for director will be elected to the Board if the votes cast FOR the nominee’s election exceed the votes cast AGAINST such nominee’s election. Abstentions and broker non-votes are not counted as votes cast for purposes of the election of directors and, therefore, will have no effect on the outcome of such election. Even if a nominee is not re-elected, he or she will remain in office as a director until the earlier of the acceptance by the Board of his or her resignation or his or her removal. Each of the current director nominees has signed a letter of resignation that will be effective if the nominee is not re-elected at the Annual Meeting and the Board accepts his or her resignation following the meeting. If a nominee is not re-elected, the Board will decide whether to accept the director’s resignation in accordance with the procedures listed in our Corporate Governance and Stock Ownership Guidelines, which are available at www.mainstreetcapital.com under “Governance — Governance Documents” in the “Investors” section of our website.

THE BOARD RECOMMENDS YOU VOTE “FOR” EACH OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.

In addition, our Code of Business Conduct and Ethics and our Corporate Governance and Stock Ownership Guidelines may be found at www.mainstcapital.com under “Governance — Governance Documents” in the “Investors” section of our website and are available in print to any stockholder who requests a copy in writing. Our Board adopted the Code of Business Conduct and Ethics in order to establish policies, guidelines and procedures that promote ethical practices and conduct by Main Street and all its employees, officers and directors. All officers, directors and employees of Main Street are responsible for maintaining the level of integrity and for complying with the policies contained in the Code of Business Conduct and Ethics. Each employee of Main Street is required to acknowledge that he or she has received, read and understands the Code of Business Conduct and Ethics and agrees to observe the policies and procedures contained therein at the time of hire and annually thereafter. We intend to disclose any substantive amendments to, or waivers from, our Code of Business Conduct and Ethics within four business days of the waiver or amendment through a posting on our website. The Corporate Governance and Stock Ownership Guidelines adopted by our Board establish our corporate governance principles and practices on a variety of topics, including the responsibilities, composition and functioning of the Board, responsibilities of management and interaction with the Board and stock ownership guidelines for management and Board members. Director Independence

Our Board currently consists of eight members, six of whom are classified under applicable listing standards of the New York Stock Exchange as “independent” directors and under Section 2(a)(19) of the 1940 Act as not “interested persons.” Based on these independence standards and the recommendation of the Nominating and Corporate Governance Committee, our Board has affirmatively determined that the following directors are independent:

J. Kevin Griffin
John E. Jackson
Brian E. Lane
Kay Matthews
Dunia A. Shive
Stephen B. Solcher

Our Board considered certain portfolio investments and other transactions in which our independent directors may have had a direct or indirect interest, including the transactions, if any, described under the heading “[Certain Relationships and Related Party Transactions](#)” in evaluating each director’s independence under the 1940 Act and applicable listing standards of the New York Stock Exchange, and the Board determined that no such transaction would impact the ability of any director to exercise independent judgment or impair his or her independence.

Communications with the Board

Stockholders or other interested persons may send written communications to the members of our Board, addressed to Board of Directors, c/o Main Street Capital Corporation, Corporate Secretary’s Office, 1300 Post Oak Blvd., 8th Floor, Houston, Texas 77056. All communications received in this manner will be delivered to one or more members of our Board.

Board Leadership Structure

Mr. Foster currently serves as the Chairman of our Board and a non-executive senior advisor to the Company. He previously served as our Executive Chairman from November 2018 until December 2021 and our Chief Executive Officer from 2007 until November 2018. In November 2018, in connection with a previously announced long-term succession plan, the Board elected Mr. Hyzak as Chief Executive Officer of the Company, succeeding Mr. Foster. Mr. Foster is an “interested person” under Section 2(a)(19) of the 1940 Act due to his current and previous positions with the Company. The Board believes that Mr. Foster is currently best situated to serve as Chairman of our Board given his history with the Company, his deep knowledge of the Company’s business and his extensive experience in managing private debt and equity investments in lower middle market companies and debt investments in middle market companies. The Company’s independent directors bring experience, oversight and expertise from outside the Company and industry, while Mr. Foster brings Company-specific and industry-specific experience and expertise. The Board believes that the current leadership structure with Mr. Foster serving as Chairman of the Board promotes strategy development and execution while facilitating effective, timely communication between management and the Board and is optimal for effective corporate governance.

Our Board has designated John E. Jackson as Lead Independent Director to preside over all executive sessions of non-management directors. In the Lead Independent Director’s absence, the remaining non-management directors may appoint a presiding director by majority vote. The non-management directors meet in executive session without management on a regular basis. The Lead Independent Director also has the responsibility of consulting with management on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and the Chief Executive Officer and facilitating collaboration and communication between the non-management directors and management. Stockholders or other interested persons may send written communications to John E. Jackson, addressed to Lead Independent Director, c/o Main Street Capital Corporation, Corporate Secretary’s Office, 1300 Post Oak Blvd., 8th Floor, Houston, Texas 77056.

Board of Directors and its Committees

Board of Directors. Our Board met four times and acted by unanimous written consent 25 times during 2022. All incumbent directors attended at least 75% of the meetings of the Board and of the committees on which they served during 2022, and all then-serving directors attended the 2022 Annual Meeting of Stockholders in person. Our Board expects each director to make a diligent effort to attend all Board and committee meetings, as well as each annual meeting of stockholders.

Committees. Our Board currently has, and appoints the members of, standing Audit, Compensation and Nominating and Corporate Governance Committees. Each of those committees is comprised entirely of independent directors and has a written charter approved by our Board. The current members of the committees, as of the Record Date, are identified in the following table.

Audit Committee. During the year ended December 31, 2022, the Audit Committee met four times. The Audit Committee is responsible for selecting, engaging and discharging our independent accountants, reviewing the plans, scope and results of the audit engagement with our independent accountants, approving professional services provided by our independent accountants (as well as the compensation for those services), reviewing the independence of our independent accountants and reviewing the adequacy of our internal control over financial reporting. In addition, the Audit Committee is responsible for assisting our Board with its oversight of our investment valuation policy and procedures and monitoring and overseeing the Company’s policy standards and guidelines for risk assessment and risk management. Our Board has determined that each of Ms. Matthews and Messrs. Griffin, Jackson and Solcher is an “Audit Committee financial expert” as defined by the SEC. For more information on the backgrounds of these directors, see their biographical information under “Election of Directors” above.

Compensation Committee. During the year ended December 31, 2022, the Compensation Committee met six times and acted by unanimous written consent once. The Compensation Committee determines the compensation and related benefits for our executive officers including the amount of salary, bonus and stock-based compensation to be included in the compensation package for each of our executive officers. In addition, the Compensation Committee assists the Board in developing and evaluating the compensation of our non-management directors and evaluating succession planning with respect to the chief executive officer and other key executive positions. The Compensation Committee has the authority to engage the services of outside advisers, experts and others as it deems necessary to assist the committee in connection with its responsibilities. The actions of the Compensation Committee are generally reviewed and ratified by the entire Board, except the employee directors do not vote with respect to their compensation.

Nominating and Corporate Governance Committee. During the year ended December 31, 2022, the Nominating and Corporate Governance Committee met four times. The Nominating and Corporate Governance Committee is responsible for determining criteria for service on our Board, identifying, researching and recommending to the Board director nominees for election by our stockholders, selecting nominees to fill vacancies on our Board or a committee of the Board, developing and recommending to our Board any amendments to our corporate governance principles and overseeing the self-assessment of our Board and its committees. The Nominating and Corporate Governance Committee also oversees the Company’s strategy, initiatives, policies and reporting related to ESG activities.

Board and Committee Evaluation Process

Each year, our Board conducts a thorough self-assessment evaluation process. Detailed questionnaires solicit anonymous input from directors regarding the performance and effectiveness of the Board, Board committees, individual directors and interaction with management and provide an opportunity for Board members to identify areas for improvement. The Nominating and Corporate Governance Committee reviews the results and feedback from this process and makes recommendations for improvements as appropriate. The Board has successfully used this process to evaluate Board and Board committee effectiveness and identify opportunities to strengthen the Board.

Compensation Committee Interlocks and Insider Participation

Each member of the Compensation Committee is independent for purposes of the applicable listing standards of the New York Stock Exchange. During the year ended December 31, 2022, no member of the Compensation Committee was an officer, former officer or employee of ours or had a relationship disclosable under "[Certain Relationships and Related Party Transactions](#)," except as disclosed therein. No interlocking relationship, as defined by the rules adopted by the SEC, existed during the year ended December 31, 2022 between any member of the Board or the Compensation Committee and an executive officer of Main Street.

Director Nomination Process

Our Nominating and Corporate Governance Committee has determined that a candidate for election to our Board must satisfy certain general criteria, including, among other things:

- be an individual of the highest character and integrity and have an inquiring mind, vision, a willingness to ask hard questions and the ability to work professionally with others;
- be free of any conflict of interest that would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;
- be willing and able to devote sufficient time to the affairs of our Company and be diligent in fulfilling the responsibilities of a member of our Board and a member of any committee thereof (including: developing and maintaining sufficient knowledge of our Company and the specialty finance industry in general; reviewing and analyzing reports and other information important to responsibilities of our Board and any committee thereof; preparing for, attending and participating in meetings of our Board and meetings of any committee thereof; and satisfying appropriate orientation and continuing education guidelines); and
- have the capacity and desire to represent the balanced, best interests of our stockholders as a whole and not primarily a special interest group or constituency.

The Nominating and Corporate Governance Committee seeks to identify potential director candidates who will strengthen the Board and will contribute to the overall mix of general criteria identified above. In addition to the general criteria, the Nominating and Corporate Governance Committee considers specific criteria, such as particular skills, experiences (whether in business or in other areas such as public service, academia or scientific communities), areas of expertise, specific backgrounds, and other characteristics, that should be represented on the Board to enhance its effectiveness and the effectiveness of its committees. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Corporate Governance Committee believe that it is essential that the Board members represent diverse experience and viewpoints and a diverse mix of the specific criteria above. The process of identifying potential director candidates includes establishing procedures for soliciting and reviewing potential nominees from directors and for advising those who suggest nominees of the outcome of such review. The Nominating and Corporate Governance Committee also has the authority to retain and terminate any search firm used to identify director candidates.

Any stockholder may nominate one or more persons for election as one of our directors at an annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in our bylaws and any other applicable law, rule or regulation regarding director nominations. When submitting a nomination to our Company for consideration, a stockholder must provide certain information that would be required under applicable SEC rules, including the following minimum information for each director nominee: full name, age and address; number of any shares of our stock beneficially owned by the nominee, if any; the date such shares were acquired and the investment intent of such acquisition; whether such stockholder believes the nominee is an "interested person" of our Company, as defined in 1940 Act; and all other information required to be disclosed in solicitations of proxies for election of directors in an election contest or is otherwise required, including the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected. See "Stockholders' Proposals" in this proxy statement and the relevant provisions of our bylaws for other requirements of stockholder proposals.

The Nominating and Corporate Governance Committee will consider candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria. The Nominating and Corporate Governance Committee also takes into account the contributions of incumbent directors as Board members and the benefits to us arising from their experience on our Board. Although the Nominating and Corporate Governance Committee will consider candidates identified by stockholders, the Nominating and Corporate Governance Committee may determine not to recommend those candidates to our Board, and our Board may determine not to nominate any candidates recommended by the Nominating and Corporate Governance Committee. No director nominee named in this proxy statement was nominated by stockholders.

Board's Role in the Oversight of Risk Management

Our Board as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant Board committees that report on their deliberations to the full Board. The oversight responsibility of the Board and its committees is enabled by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. Areas of focus include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, regulatory, compliance and other risks.

We have an enterprise risk management program designed to help us identify, categorize, assess, mitigate and manage various risks facing our business. Members of our executive management team monitor and update each risk, regularly reassess the program and the risks identified to align with Company strategy, and report on progress thereof to the Audit Committee, which is responsible for overseeing the program.

The Board and its committees oversee risks associated with their respective principal areas of focus, as summarized below. Committees meet in executive session with key management personnel regularly and with representatives of outside advisors as necessary.

Board/Committee	Primary Areas of Risk Oversight
Full Board	Strategic, financial and execution risks and exposures associated with the annual operating plan and five-year strategic plan; major litigation and regulatory exposures and other current matters that may present material risk to our operations, plans, prospects or reputation; material acquisitions and divestitures.
Audit Committee	Risks and exposures associated with financial matters, particularly investment valuation, financial reporting and disclosure, tax, accounting, oversight of independent accountants, internal control over financial reporting, related party transactions, financial policies and credit and liquidity matters, along with information technology systems and policies including data privacy and security and business continuity and operational risks.
Compensation Committee	Risks and exposures associated with leadership assessment, senior management succession planning, executive and director compensation programs and arrangements, including incentive plans, and compensation related regulatory compliance.
Nominating and Corporate Governance Committee	Risks and exposures relating to our programs and policies relating to legal compliance, corporate governance, director nomination, evaluation and succession planning, and oversight of ESG activities.

Succession Planning

Our Board is actively engaged in succession planning for Board members and key employees. Its succession planning efforts are led by the Compensation Committee for key employees and by the Nominating and Corporate Governance Committee for Board members, both overseen by the full Board. These activities include an ongoing evaluation of our internal talent and leadership and the succession plan that envisions those individuals' advancement to key positions in our Company and consideration for the need to recruit from outside the Company.

Hedging and Speculative Trading, Pledging of Company Securities

Our insider trading policy prohibits all directors, officers and employees from, directly or indirectly, trading while in the possession of material nonpublic information related to the Company's securities and from engaging in short sales and short-term or other speculative trading of our securities and any transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of securities issued by us. Prohibited hedging activity includes market transactions in puts, calls and other derivatives and the purchase of prepaid variable forward contracts, equity swaps and collars. Pledging our securities in a margin account or as collateral for a loan is also prohibited under the policy except in limited circumstances that are pre-approved by our chief compliance officer.

Stock Ownership Guidelines

To align the interest of the Company’s directors, executive officers and stockholders, the Board has established Stock Ownership Guidelines pursuant to which independent directors and certain key employees, including each executive officer, are required to achieve and maintain minimum levels of stock ownership as a multiple of annual base salary, in the case of employees, or annual cash retainer, in the case of directors, within five years of first becoming subject to our Stock Ownership Guidelines. Such equity ownership level is measured based on the average share closing price for each trading day in the previous year. Our Corporate Governance and Stock Ownership Guidelines may be found at www.mainstcapital.com under “Governance — Governance Documents” in the “Investors” section of our website.

Executive Compensation Recovery, or “Clawback” Policy

Restricted stock grants under our 2015 Equity and Incentive Plan (pursuant to which restricted stock grants were made from 2015 through May 2022) and our 2022 Equity and Incentive Plan include a “clawback” provision that enables the Company to cancel unvested shares and recoup the value of shares that vested within one year of the Board’s determination that the recipient of the grant engaged in certain prohibited conduct or caused the need for the Company to restate previously issued financial statements. Prohibited conduct that could trigger a “clawback” obligation includes termination of the grant recipient for cause (as defined in the grant agreement) and the recipient violating certain non-compete, non-solicit or non-disclosure covenants in the grant agreement.

Responsible Investment and Community Involvement

We believe that thoughtful consideration of ESG matters provides meaningful value to our employees, portfolio companies, stockholders and community. We believe that our commitment to implementing, maintaining and consistently seeking to improve business practices mindful of ESG matters will have a lasting positive impact on all of our key stakeholders. Therefore, we are dedicated to taking ESG considerations into account with respect to our corporate activities at Main Street, including in the evaluation of investments. We incorporate ESG considerations into our investment diligence and evaluation processes. ESG topics considered for any particular business can vary, but can include use of natural resources, compliance with environmental regulation and best practices, gender and ethnic diversity and inclusion practices, community outreach and support and governance policies and practices, among others. These ESG considerations evaluated are part of the total underwriting information considered by our investment teams and investment committee and positive or negative findings with respect to any or all ESG factors will not be dispositive in an investment decision.

We seek to maintain a close-knit culture, a factor that we believe is important in employee retention, which is reinforced by our Community Building Committee. Our Community Building Committee, which is composed of a substantial cross section of employees across our organization, develops programs and initiatives that promote an open and inclusive atmosphere and encourage employee outreach with our community, in each case based upon feedback received from our employees. We are a dedicated proponent of certain local charitable and non-profit organizations. The Company supports these charities with both monetary donations, at the discretion of and with the approval of our Community Building Committee, and the support of our employee’s time and talents through special Main Street team projects and the utilization of our Volunteer Time Off program. The activities and results of our Community Building Committee and our Company’s overall charitable activities are summarized and reported to the Nominating and Corporate Governance Committee on a quarterly basis. We encourage you to visit our website for more information about charitable organizations receiving our ongoing support. Nothing on our website, however, shall be deemed incorporated by reference into this proxy statement.

Griffin, Jackson, Lane and Solcher received an award of 765 restricted shares on May 2, 2022 under the Main Street Capital Corporation 2022 Non-Employee Director Restricted Stock Plan (the “Non-Employee Director Plan”), which will vest 100% on May 1, 2023, the day of the Annual Meeting since the prior day is not a business day, provided that the grantee has been in continuous service as a member of the Board through such date. These amounts represent the grant date fair value of the 2022 stock awards in accordance with FASB ASC Topic 718 based on the closing price of our common stock on the date of grant. Dividends paid on restricted stock awards are reflected in the grant date fair value and, therefore, are not shown in the table. Pursuant to SEC rules, the amounts shown exclude the impact of any estimated forfeitures related to service-based vesting conditions. These amounts may not correspond to the actual value that will be recognized by our directors upon vesting. Each of Mses. Matthews and Shive and Messrs. Griffin, Jackson, Lane and Solcher had 765 unvested shares of restricted stock outstanding as of December 31, 2022. Please see the discussion of the assumptions made in the valuation of these awards in Note J to the audited consolidated financial statements included in the annual report accompanying this proxy statement.

- (4) Mr. Foster did not receive any compensation for serving as a member and chairman of the Board during 2022. He was, however, paid a salary of \$400,000 and employer matching contributions under our 401(k) plan of \$13,725 for his services as senior advisor to the Company during 2022.

The compensation for non-employee directors for 2022 was comprised of cash compensation paid to or earned by directors in connection with their service as a director. That cash compensation consisted of an annual retainer of \$190,000, and an additional \$42,500 retainer for the Lead Independent Director. Non-employee directors do not receive fees based on meetings attended absent circumstances that require an exceptionally high number of meetings within an annual period. We also reimburse our non-employee directors for all reasonable expenses incurred in connection with their service on our Board. The chairpersons and members of our Board committees received additional annual retainers for 2022 as follows:

The Non-Employee Director Plan provides a means through which we may attract and retain qualified non-employee directors to enter into and remain in service on our Board. Under the Non-Employee Director Plan, at the beginning of each one-year term of service on our Board, each non-employee director receives a number of shares equivalent to \$30,000 based on the closing price of a share of our common stock on the New York Stock Exchange (or other exchange on which our shares are then listed) on the date of grant. These shares are subject to forfeiture provisions that will lapse as to an entire award at the end of the one-year term.

In November 2015, our Board approved and adopted the 2015 Deferred Compensation Plan. The 2015 Deferred Compensation Plan became effective on January 1, 2016 and replaced the Deferred Compensation Plan for Non-Employee Directors previously adopted and approved by the Board in 2013. Under the 2015 Deferred Compensation Plan, non-employee directors and certain key employees may defer receipt of some or all of their cash compensation, subject to certain limitations. Individuals participating in the 2015 Deferred Compensation Plan receive distributions of their respective balances based on predetermined payout schedules or other events as defined by the plan and are also able to direct investments made on their behalf among investment alternatives permitted from time to time under the plan, including phantom Main Street stock units for which shares of Main Street common stock will be issued upon distribution.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis, or CD&A, provides information relating to the compensation of Main Street's Named Executive Officers, or NEOs, for 2022, who were:

- Dwayne L. Hyzak, Member of the Board and Chief Executive Officer;
- David L. Magdol, President and Chief Investment Officer;
- Jesse E. Morris, Executive Vice President, Chief Operating Officer and Chief Financial Officer; and
- Jason B. Beauvais, Executive Vice President, General Counsel, Chief Compliance Officer and Secretary.

Compensation Philosophy and Objectives

The Main Street compensation system was developed by the Compensation Committee and approved by all independent directors. The system is designed to attract and retain key executives, motivate them to achieve the Company's business objectives and reward them for performance while aligning management's interests with those of the Company's stockholders. The structure of Main Street's incentive compensation programs is formulated to encourage and reward the following, among other things:

- achievement of income and capital gains from the Company's investment portfolio to sustain and grow the Company's dividend payments;
- maintenance of liquidity and capital flexibility to accomplish the Company's business objectives, including the preservation of investor capital;
- attainment of superior risk-adjusted returns on the Company's investment portfolio; and
- professional development and growth of individual executives, the management team and other employees.

The Compensation Committee has the primary authority to establish compensation for the NEOs and other key employees and administers all executive compensation arrangements and policies. Main Street's Chief Executive Officer assists the Committee by providing recommendations regarding the compensation of NEOs and other key employees, excluding himself. The Committee exercises its discretion by modifying or accepting these recommendations. The Chief Executive Officer routinely attends a portion of the Committee's meetings. However, the Committee often meets in executive session without the Chief Executive Officer or other members of management when discussing compensation matters and on other occasions as determined by the Committee.

The compensation packages for Main Street NEOs and other key employees are structured to reflect the Compensation Committee's commitment to corporate governance best practices and performance-oriented executive compensation. Specifically, the Compensation Committee has implemented the following practices for NEOs and other key employees:

- no employment agreements;
- no contractual cash severance benefits;
- no supplemental defined benefit pensions; and
- no tax gross-up payments.

The Compensation Committee believes the above practices are appropriate in light of the Company's current objectives and compensation philosophies but reserves the right to re-visit these practices in the future as may be appropriate. The Compensation Committee takes into account competitive market practices with respect to the salaries and total direct compensation of the NEOs and other key employees. Members of the Committee consider market practices by reviewing public and non-public information for executives at comparable companies and funds. The Committee also has the authority to utilize compensation consultants to better understand competitive pay practices and has retained such expertise in the past.

Independent Compensation Consultant

The Compensation Committee has from time to time engaged independent compensation consultants to assist the Committee and provide advice on a variety of compensation matters relating to NEO, other key employee and independent director compensation, incentive compensation plans and compensation trends, best practices and regulatory matters. Any such compensation consultants are hired by and report directly to the Compensation Committee. Although compensation consultants may work directly with management on behalf of the Compensation Committee, any such work is under the control and supervision of the Compensation Committee.

The Compensation Committee engaged Johnson Associates, Inc. (“Johnson”) as an independent compensation consultant during 2022 to assist with benchmarking of, and to provide general advice with respect to, executive and director compensation. MSC Income’s board of directors also retained Johnson as an independent compensation consultant during 2022 to assist with benchmarking of, and to provide general advice with respect to, director compensation. Other than MSC Income, neither Johnson nor any of its affiliates provided any other services to the Company or any of its affiliates during 2022. The Compensation Committee considered, among other things, the following factors when selecting Johnson to provide compensation consulting services and in evaluating its independence: (i) Johnson does not provide any other services to the Company, (ii) the amount of fees Johnson received from the Company, noting in particular that such fees are negligible when considered in the context of Johnson’s total revenues for the period, (iii) Johnson’s policies and procedures concerning conflicts of interest, (iv) there are no other business or personal relationships between the Company’s management or members of the Compensation Committee, on the one hand, and any Johnson representatives who provide compensation consulting services to the Company, on the other hand, and (v) neither Johnson nor any of the Johnson representatives who provide compensation consulting services to the Company own any of the Company’s securities.

Assessment of Market Data

In assessing the competitiveness of executive compensation levels, the Compensation Committee analyzes market data of certain companies, including internally managed business development companies, or BDCs, private equity firms, private credit firms, and other asset management and financial services companies. This analysis focuses on key elements of compensation practices in general, and more specifically, the compensation practices at companies and funds reasonably comparable in asset size, typical investment size and type, market capitalization and general business scope as compared to the Company.

With respect to other internally managed BDCs like Main Street, the Compensation Committee considers the compensation practices and policies pertaining to executive officers as detailed in their company’s respective proxies, research analysts’ reports and other publicly available information. However, there are relatively few internally managed BDCs and none that are directly comparable to the Company as regards business strategies, assets under management, including for external parties through our wholly owned external investment manager, typical investment size and type and market capitalization. Moreover, regarding the compensation and retention of executive talent, the Company also competes with private equity funds, private credit funds, hedge funds and other types of specialized investment funds. Since these funds are generally private companies that are not required to publicly disclose their executive compensation practices and policies, the Committee relies on compensation consultants and surveys as well as other available information to compare compensation practices and policies.

Items taken into account from comparable companies and funds include, but are not necessarily limited to, base compensation, bonus compensation, stock option awards, restricted stock awards, carried interest and other compensation. In addition to actual levels of cash and equity related compensation, the Compensation Committee also considers other approaches comparable companies are taking with regard to overall executive compensation practices. Such items include, but are not necessarily limited to, the use of employment agreements for certain employees, the mix of cash and equity compensation, the use of compensation consultants and certain corporate and executive performance measures that are established to achieve longer term total return for stockholders. Finally, in addition to analyzing comparable companies and funds, the Committee also evaluates the relative cost structure of the Company as compared to the entire BDC sector, including internally and externally managed BDCs, as well as other private funds.

Assessment of Company Performance

The Compensation Committee believes that sustained financial performance coupled with consistent stockholders’ returns as well as proportional employee compensation are essential components for Main Street’s long-term business success. Main Street typically makes three to seven-year investments in its portfolio companies. However, the Company’s business plan involves taking on investment risks over a range of time periods. Accordingly, much emphasis is focused on maintaining the stability of net asset values as well as the continuity of earnings to pass through to stockholders in the form of recurring dividends. The quality of the earnings supporting the dividends as well as the maintenance and growth of dividends are key metrics in the Committee’s assessment of financial performance.

Main Street's primary strategy is to generate current income from debt and equity investments and to realize capital gains from equity-related investments. This income supports the payment of dividends to stockholders. The recurring payment of dividends requires a methodical investment approach and active monitoring and management of the investment portfolio over time. A meaningful part of the Company's employee base is dedicated to the maintenance of asset values and expansion of this recurring income to sustain and grow dividends. The Committee believes that stability of the management team is critical to achieving successful implementation of the Company's strategies. Further, the Committee, in establishing and assessing executive salary and performance incentives, is more focused on Main Street results as compared to its business objectives rather than the performance of Main Street relative to other comparable companies or industry metrics.

Executive Compensation Components

For 2022, the components of Main Street's direct compensation program for NEOs included:

- base salary;
- annual cash bonuses;
- long-term compensation pursuant to the 2015 Equity and Incentive Plan (through May 2022 and the 2022 Equity and Incentive Plan thereafter); and
- other benefits.

The Compensation Committee designs each NEO's direct compensation package to appropriately reward the NEO for his or her contribution to the Company. The judgment and experience of the Committee are weighed with individual and Company performance metrics and consultation with the Chief Executive Officer (except with respect to himself) to determine the appropriate mix of compensation for each individual. The Compensation Committee does not target a specific level of compensation relative to market practice, and only uses such data as a reference point when establishing compensation levels for NEOs. Cash compensation consisting of base salary and discretionary bonuses tied to achievement of individual performance goals that are reviewed and approved by the Committee, as well as corporate objectives, are intended to motivate NEOs to remain with the Company and work to achieve expected business objectives. Stock-based compensation is awarded based on performance expectations approved by the Committee for each NEO. The blend of short-term and long-term compensation may be adjusted from time to time to balance the Committee's views regarding the benefits of current cash compensation and appropriate retention incentives.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of the NEOs in their roles. In connection with establishing the base salary of each NEO, the Compensation Committee and management consider a number of factors, including the seniority and experience level of the individual, the functional responsibilities of the position, the experience level of the individual, the Company's ability to replace the executive, the past base salary of the individual and the relative number of well-qualified candidates available in the area. In addition, the Committee considers publicly available information regarding the base salaries paid to similarly situated executive officers and other competitive market practices.

The salaries of the NEOs are reviewed on an annual basis, as well as at the time of promotion or any substantial change in responsibilities. The key factors in determining increases in salary level are relative performance and competitive pressures.

Annual Cash Bonuses

Annual cash bonuses are intended to reward individual performance on an annual basis and can therefore be variable from year to year. Cash bonus awards for the NEOs are determined by the Compensation Committee on a discretionary basis based on performance criteria, particularly the Company's dividend performance as well as corporate and individual performance goals and other measures established by the Committee with the Chief Executive Officer's input (except with respect to his own performance criteria). Should actual performance exceed expected performance criteria, the Committee may adjust individual cash bonuses to take such superior performance into account. Likewise, should actual performance fall below expected performance criteria, the Committee may adjust individual cash bonuses to take such inferior performance into account.

Long-Term Incentive Awards

Main Street's Board and stockholders approved the 2015 Equity and Incentive Plan to provide stock-based awards as long-term incentive compensation to employees, including the NEOs. The Company uses stock-based awards to (i) attract and retain key employees, (ii) motivate employees by means of performance-related incentives to achieve long-range performance goals, (iii) enable employees to participate in the Company's long-term growth in value and (iv) link employees' compensation to the long-term interests of stockholders. At the time of each award, the Compensation Committee will determine the terms of the award, including any performance period (or periods) and any performance objectives relating to vesting of the award.

Restricted Stock. Main Street has received exemptive relief from the SEC that permits the Company to grant restricted stock in exchange for or in recognition of services by its executive officers and employees. Pursuant to the 2015 Equity and Incentive Plan, the Compensation Committee may award shares of restricted stock to plan participants in such amounts and on such terms as the Committee determines in its sole discretion, provided that such awards are consistent with the conditions set forth in the SEC's exemptive order. Each restricted stock grant will be for a fixed number of shares as set forth in an award agreement between the grantee and Main Street. Award agreements will set forth time and/or performance vesting schedules and other appropriate terms and/or restrictions with respect to awards, including rights to dividends and voting rights. The Committee generally awards restricted stock to employees, including NEOs, which generally vests in equal increments over a three-year time frame based on continued service during the vesting period.

Options. The Compensation Committee may also grant stock options to purchase Main Street's common stock (including incentive stock options and nonqualified stock options). The Committee expects that any options granted will represent a fixed number of shares of common stock, will have an exercise price equal to the fair market value of common stock on the date of grant, and will be exercisable, or "vested," at some later time after grant. Certain stock options may provide for vesting based on the grantee remaining employed by Main Street for a time certain and/or the grantee and/or the Company attaining specified performance criteria. To date, the Committee has not granted stock options to any NEO.

In May 2022, our Board of Directors and stockholders approved and adopted the 2022 Equity and Incentive Plan to replace the 2015 Equity and Incentive Plan. Terms of the 2022 Equity and Incentive Plan are substantially similar to the 2015 Equity and Incentive Plan.

For a discussion of our policies related to employee and director hedging of economic risk of owning our securities, please see [Security Ownership of Certain Beneficial Owners and Management](#) beginning on page 37.

Other Benefits

Main Street's NEOs generally participate in the same benefit plans and programs as the Company's other employees, including comprehensive medical, dental and vision insurance, short term and long-term disability insurance and life insurance. Main Street reimburses senior executives (including NEOs) for certain approved concierge medical expenses and additional medical testing, general health, nutrition and preventative services (collectively, "Concierge Medical Services").

Main Street maintains a 401(k) plan for all full-time employees who are at least 21 years of age through which the Company makes non-discretionary matching contributions to each participant's plan account on the participant's behalf. For each participating employee, the Company's contribution is a 100% match of the employee's contributions up to a 3% contribution level and a 50% match of the employee's contributions from a 3% to a 6% contribution level, with a maximum annual regular matching contribution of \$13,725 during 2022. All contributions to the plan, including those made by the Company, vest immediately. The Board may also, at its sole discretion, provide that the Company will make additional contributions to employee 401(k) plan accounts, which would also vest immediately.

In November 2015, our Board approved and adopted the 2015 Deferred Compensation Plan to allow non-employee directors and certain key employees, including each of the NEOs, to defer receipt of some or all of their cash compensation, subject to certain limitations. Although not currently anticipated and subject to prior Compensation Committee approval, discretionary employer contributions are also permitted to the 2015 Deferred Compensation Plan. Individuals participating in the 2015 Deferred Compensation Plan receive distributions of their respective balances based on predetermined payout schedules or other events as defined by the plan and are also able to direct investments made on their behalf among investment alternatives permitted from time to time under the plan, including phantom Main Street stock units for which shares of Main Street common stock will be issued upon distribution. The 2015 Deferred Compensation Plan became effective on January 1, 2016.

Perquisites

The Company provides no other material benefits, perquisites or retirement benefits to the NEOs.

Potential Payments Upon Change in Control or Termination of Employment

Unless the terms of an award provide otherwise, in the event of a specified transaction involving a “change in control” (as defined in the 2015 Equity and Incentive Plan) in which there is an acquiring or surviving entity, the Board may provide for the assumption of some or all outstanding awards, or for the grant of substitute awards, by the acquirer or survivor. In the event no such assumption or substitution occurs, each stock-based award, subject to its terms, will become fully vested or exercisable prior to the change in control on a basis that gives the holder of the award a reasonable opportunity, as determined by the Board, to participate as a stockholder in the change in control following vesting or exercise. The award will terminate upon consummation of the change in control.

Transactions involving a “change in control” under the 2015 Equity and Incentive Plan include the following, other than where Main Street’s stockholders continue to have substantially the same proportionate ownership in an entity which owns substantially all of Main Street’s assets immediately following such transaction:

- a single person or entity or group of persons and/or entities, other than Main Street, any of its employee benefit plans, a company owned by Main Street’s stockholders in substantially the same proportions as their ownership in Main Street or an underwriter temporarily holding securities pursuant to an offering by Main Street, becomes the beneficial owner of more than 30% of the combined voting power of Main Street’s voting securities then outstanding;
- a change in the membership of the Board such that the individuals who, as of the effective date of the 2015 Equity and Incentive Plan, constitute the Board (the “Continuing Directors”), and any new director whose election or nomination to the Board was approved by a vote of at least a majority of the Continuing Directors, cease to constitute at least a majority of the Board;
- a merger, reorganization or business combination of Main Street or one of its subsidiaries with or into any other entity, other than where the holders of Main Street’s voting securities outstanding immediately before such transaction would represent immediately thereafter more than a majority of the combined voting power of the voting securities of Main Street or the surviving entity or the parent of such surviving entity;
- a sale or disposition of all or substantially all of Main Street’s assets, other than where the holders of Main Street’s voting securities outstanding immediately before such transaction hold securities immediately thereafter which represent more than a majority of the combined voting power of the voting securities of the acquirer or the parent of such acquirer of such assets; or
- Main Street’s stockholders approve a plan of complete liquidation or dissolution of Main Street.

Our restricted stock awards also provide that (i) upon a participant’s death or disability (as defined in the award agreement), the unvested shares of restricted stock will fully vest, and (ii) upon a participant’s involuntary termination without cause or voluntary termination with good reason (each as defined in the award agreement), a portion of the unvested shares of restricted stock will vest. The number of shares and value of unvested restricted stock for each NEO as of December 31, 2022 that would have vested under the acceleration scenarios described above is shown under “[Compensation of Executive Officers — Outstanding Equity Awards at Fiscal Year-End](#).”

In addition, NEOs who participate in the 2015 Deferred Compensation Plan could receive a distribution of their balances in that plan in connection with their death, disability or termination of employment, depending on their distribution elections under the plan. The aggregate balance in the 2015 Deferred Compensation Plan of each NEO as of December 31, 2022 is shown under “[Compensation of Executive Officers — Nonqualified Deferred Compensation](#).”

Other than the accelerated vesting of restricted stock and amounts due under the 2015 Deferred Compensation Plan, we currently would not incur any other payment obligations to our NEOs in the event of a change in control or any of the aforementioned causes of termination of employment.

1940 Act Restrictions on Company Performance Based Compensation

The 1940 Act provides that a BDC such as Main Street may maintain either an equity incentive plan or a “profit-sharing plan”, but not both, for its NEOs and other employees. For example, a BDC cannot maintain a compensation plan that awards employees shares of common stock based solely on operating or financial results, because such plan would have features of both an equity incentive plan and a “profit-sharing plan”. The Compensation Committee believes

that equity incentives closely align the interests of NEOs and employees with those of the Company's stockholders. Accordingly, Main Street has adopted and maintained equity incentive plans for its NEOs and employees since 2008. As a result, the 1940 Act prohibits Main Street from having a "profit-sharing plan."

The term "profit-sharing plan" is very broadly defined in the 1940 Act but in this context is generally viewed as referring to incentive and other compensation being directly tied to a company's gross or net income or any other indicia of the company's overall financial performance, such as realized gains or losses and unrealized appreciation or depreciation on investments. In this regard, the SEC has indicated that a compensation program possesses profit-sharing characteristics if a company is obligated to make payments under the program based on company performance metrics.

Due to these restrictions imposed by the 1940 Act, the Compensation Committee is not permitted to use nondiscretionary or formulaic Company performance goals or criteria to determine executive incentive compensation. Instead, the Committee considers overall Company performance along with other factors, including individual performance criteria, and uses its discretion in determining the appropriate compensation for NEOs and other key employees. The Compensation Committee's objective is to work within the 1940 Act regulatory framework to establish appropriate compensation levels, maintain pay-for-performance alignment and implement compensation best practices.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies to the extent compensation paid to any "covered employee" exceeds \$1 million in a given year. To the extent any of our "covered employees" receives compensation in excess of \$1 million for any year, Main Street generally cannot deduct such excess compensation for U.S. federal income tax purposes. For purposes of Section 162(m), a "covered employee" includes our CEO, our CFO and each of our other NEOs; in addition, once a person is determined to be a covered employee, such person continues to be a covered employee regardless of whether such person remains an NEO.

While the Compensation Committee considers the deductibility of compensation as one factor in determining executive compensation, the Compensation Committee also considers other factors in making compensation decisions as noted herein and retains the flexibility to authorize amounts and forms of compensation that it determines to be consistent with the goals of our executive compensation program even if such compensation is not deductible by the Company for tax purposes.

Stockholder Advisory Vote on Executive Compensation

At our 2022 Annual Meeting of Stockholders, our stockholders provided an advisory vote with 84% of the votes cast approving our compensation philosophy, policies and procedures and the 2021 fiscal year compensation of our NEOs (the "Advisory Vote"). Subsequently, the Compensation Committee considered the results of the Advisory Vote in determining compensation policies and decisions of the Company. The Advisory Vote affected the Company's executive compensation decisions and policies by reaffirming the Company's compensation philosophies, and the Compensation Committee will continue to use these philosophies and past practice in determining future compensation decisions.

2022 Compensation Determination

The Compensation Committee analyzed the competitiveness of the components of compensation described above on both an individual and aggregate basis. The Committee believes that the total compensation paid to the NEOs for the fiscal year ended December 31, 2022, is consistent with the overall objectives of Main Street's executive compensation program.

Base Salary

The Compensation Committee annually reviews the base salary of each executive officer, including each NEO, and determines whether or not to increase it in its sole discretion. Increases to base salary can be awarded to recognize, among other things, relative performance, changes in roles and responsibilities, relative cost of living and competitive market pressures.

In 2022, the Compensation Committee approved base salary increases for each NEO at levels the Compensation Committee concluded were appropriate for the roles and responsibilities for each NEO and to align each NEO's compensation with similar executive officers of comparable companies. The Compensation Committee's goal in setting the base salary levels for the NEOs is to adequately compensate the NEOs for expected base levels of performance and provide for the retention of the NEOs.

The amount of annual base salary paid to each NEO for 2022 is presented under the caption entitled “Compensation of Executive Officers — Summary Compensation Table.” The Committee believes that the salary increases and resulting base salaries were competitive in the marketplace and appropriate for the NEOs as the base component of their overall compensation packages.

Annual Cash Incentive Bonus

Cash bonuses are determined annually by the Compensation Committee and are based on individual and corporate performance objectives coupled with Committee discretion as appropriate. The 2022 performance criteria used for determining the cash bonuses for NEOs included, among other things, the following:

- significant overperformance of corporate financial objectives for 2022 versus both budget and historical periods, including record performance levels on several key financial metrics, including total investment income and distributable net investment income and net investment income, both in total dollars and on a per share basis, and favorable performance levels, particularly relative to market conditions, on net realized gains and losses, net unrealized appreciation, net asset value (NAV) per share growth and net income return on equity;
- significant overperformance of corporate objectives for net investment activity in 2022 versus budget and historical periods, including a favorable level of gross and net investment activity in the Company’s lower middle market strategy and a record level of net investment activity in the Company’s private loan investment strategy;
- significant increases in value delivered to the Company’s stockholders in 2022 through the combination of significant increases in the monthly dividends and supplemental dividends paid to stockholders during 2022, increased monthly dividends and supplemental dividends declared for the first quarter of 2023 and significant growth in the Company’s NAV per share;
- significant overperformance of long-term corporate objectives, particularly those related to the Company’s long-term goals of:
 - maintaining and growing monthly dividends, and generating distributable net investment income in excess of such monthly dividends,
 - delivering the Company’s superior financial results while maintaining a conservative leverage profile and overall capital structure,
 - adding a second investment grade rating and maintaining the Company’s existing investment grade rating, and
 - strategically accessing the debt and equity capital markets to allow for the continued future growth of the Company’s investment portfolio;
- contributions to the significant growth of the Company’s asset management business through the Company’s wholly owned investment adviser, MSC Adviser I, LLC (the “External Investment Manager”), and strong performance of the funds and assets managed for third parties by the External Investment Manager;
- individual performance and achievement of individual goals, as well as the contribution to corporate objectives;
- maintaining liquidity and capital flexibility, and when appropriate working to increase such liquidity and capital flexibility, to accomplish the Company’s business objectives and mitigate the potential impacts of unexpected economic volatility;
- maintaining the highest ethical standards, internal controls and adherence to regulatory requirements; and
- appropriate and planned development of personnel.

The Company paid cash bonuses to NEOs for 2022 performance in recognition of Main Street’s record financial results and operating performance and each NEO’s significant contributions to Main Street’s performance. The Compensation Committee considered a number of major achievements and other positive and negative factors when evaluating the cash bonuses paid to NEOs for 2022. The net result of these considerations resulted in significant increases in the cash bonuses paid to the NEOs in comparison to prior year and other historical periods and an increase

in the total cash bonuses paid to our employees in comparison to prior year and other historical periods. In particular, cash bonuses paid to NEOs for 2022 performance included recognition of Main Street's ability to generate record results on several key current year metrics, as discussed above, while also maintaining focus on achieving the Company's long-term goals, resulting in significant growth of the Company's investment portfolio and overall business and significant improvements in the Company's capital structure and liquidity position.

Other positive factors considered by the Compensation Committee included:

- significant growth of the Company's lower middle market and private loan investment portfolios, in both cases well in excess of the Company's annual goals and prior periods;
- strong financial performance and the achievement of several key goals at MSC Income, the non-traded business development company managed by the External Investment Manager;
- significant growth and positive performance of MS Private Loan Fund I, LP (the "Private Loan Fund"), a private investment fund managed by MSC Adviser;
- continued focus on increasing the portion of the Company's investment portfolio comprised of its lower middle market and private loan investment strategies and deemphasizing its middle market investment strategy and portfolio;
- significant progress on several of the Company's key long-term strategic initiatives established by management and reviewed periodically by the Compensation Committee and the Board (the "Strategic Initiatives");
- continuation of our focus on and improvement of the key ESG aspects of our business;
- growth of our investment management team through the hiring and integration of several key additions;
- continuation of our low total operating cost structure in comparison to peer organizations;
- maintenance of an investment grade rating from Standard & Poor's Ratings Services and new investment grade rating from Fitch Ratings;
- efficient use of our at-the-market, or ATM, equity offerings to issue equity as needed while maintaining a conservative leverage ratio;
- amendment of our corporate credit facility to increase the total commitments, extend maturity and further diversify the lenders participating in the facility;
- execution of a new special purpose vehicle financing to provide the Company additional capital and liquidity to continue to fund its expected future growth;
- issuance of incremental investment grade notes to diversify our capital structure and increase our liquidity; and
- relatively low employee turnover and development of talented personnel.

Negative factors considered by the Compensation Committee included:

- realized losses incurred on certain investments;
- increased number of non-accruals outstanding at year-end; and
- lower than targeted and desired return on asset results in the Company's middle market investment portfolio.

While each of these factors represents a negative outcome in comparison to the Company's original expectations for 2022, the impacts overall were deemed to be not significant due to the facts that (i) the realized losses were minimal in comparison to the size of the Company's overall investment portfolio and net investment income results for the year, (ii) the increased non-accruals did not represent a significant increase as a percentage of the Company's total investment portfolio and (iii) the Company has previously stated that it is executing a strategy to decrease the size of its middle market investment portfolio due to the lower than acceptable returns on this asset class.

The Compensation Committee did not weight these achievements or the positive and negative factors and used discretion in determining the cash bonus amount allocated to each executive. In summary, the performance of the NEO group and management team overall was consistently at a high level in 2022 resulting in excellent financial results and operating performance.

The amount of cash bonus paid to each NEO for 2022 is presented under the caption entitled “Compensation of Executive Officers — Summary Compensation Table.” The Committee believes that these cash bonus awards are individually appropriate based on 2022 performance. Such bonuses comprise a key component of the Company’s overall compensation program.

Long-Term Incentive Awards

The Company granted restricted shares to our NEOs in 2022 to recognize individual contributions to corporate strategic priorities and to the long-term performance of the Company. Other objectives of restricted stock awards were to assist with retention, align NEO interests with stockholder interests and to provide competitive total direct compensation. Contributions to the future success of the Company include expanded roles of NEOs within the Company, recruitment and development of personnel, advancement of strategic initiatives with benefits beyond the current year, development of appropriate capital structure alternatives and enhancement of the Company’s reputation with key constituents.

The number and value of restricted shares granted to each NEO in 2022 is presented under the caption entitled “Compensation of Executive Officers — Grants of Plan-Based Awards.” The Committee is currently assessing the potential for long-term incentive compensation through grants of restricted shares to our NEOs for 2023, which are expected to be awarded in April 2023.

Risk Management and Compensation Policies and Practices

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

The Compensation Committee has reviewed the elements of executive compensation to determine whether any portion of executive compensation encourages excessive risk taking and concluded:

- compensation is allocated among base salary and short and long-term compensation opportunities in such a way as to not encourage excessive risk-taking;
- significant weighting towards long-term incentive compensation discourages short-term risk taking;
- executive goals are appropriately established across several key metrics and criteria in order to avoid an outcome where the failure to achieve any individual target would result in a large percentage loss of compensation;
- clawback feature on restricted stock grants ensures that the Company is appropriately protected from any event that would trigger a clawback obligation; and
- multi-year vesting of restricted stock coupled with share ownership guidelines properly account for the time horizon of risks.

Finally, in addition to the factors described above, incentive compensation decisions include subjective considerations that restrain the influence of formulae or objective-driven determinations that might lead to excessive risk taking.

The remaining amounts included in 2022 Executive Contributions shown above represent contributions from bonuses that accrued in 2021 but were paid in 2022.

(2) The 2022 Aggregate Earnings shown above represents earnings on amounts in the 2015 Deferred Compensation Plan during 2022. These amounts are not reported in the Summary Compensation Table.

(3) The Aggregate Balance at December 31, 2022 shown above includes amounts reported in the Summary Compensation Table (or would have been reported if the person was an NEO) for prior years as follows: \$1,107,711 for Mr. Hyzak; \$732,125 for Mr. Magdol; \$501,704 for Mr. Morris; and \$663,250 for Mr. Beauvais.

In November 2015, our Board approved and adopted the 2015 Deferred Compensation Plan, an unfunded, nonqualified deferred compensation plan, to allow non-employee directors and certain key employees, including each of the NEOs, to defer receipt of some or all of their cash compensation, subject to certain limitations. Pursuant to the 2015 Deferred Compensation Plan, executives may contribute on a pre-tax basis up to 100% of their salary and cash bonus. Although not currently anticipated and subject to prior Compensation Committee approval, discretionary employer contributions are also permitted to the 2015 Deferred Compensation Plan. Individuals participating in the 2015 Deferred Compensation Plan receive distributions of their respective balances based on predetermined payout schedules or other events as defined by the plan. Amounts deferred under the plan earn a return based on the returns on certain investment alternatives permitted under the plan, including phantom Main Street stock units, as designated by the participant. The 2015 Deferred Compensation Plan became effective on January 1, 2016.

Potential Payments Upon Change in Control or Termination of Employment

As described in “[Compensation Discussion and Analysis](#)” our restricted stock awards to employees, including NEOs, provide that (i) upon certain transactions involving a change in control or upon a participant’s death or disability (as defined in the award agreement), the unvested shares of restricted stock will fully vest, and (ii) upon an involuntary termination without cause or voluntary termination with good reason (each as defined in the award agreement), a portion of the unvested shares of restricted stock will vest. The number of shares and value of unvested restricted stock for each NEO as of December 31, 2022 that would have vested under the acceleration scenarios described above is shown under the heading “— Outstanding Equity Awards at Fiscal Year-End.”

In addition, NEOs who participate in the 2015 Deferred Compensation Plan could receive a distribution of their balances in that plan in connection with their death, disability or termination of employment, depending on their distribution elections under the plan. The aggregate balance in the 2015 Deferred Compensation Plan of each NEO as of December 31, 2022 is shown under the heading “— Nonqualified Deferred Compensation.”

Other than the accelerated vesting of restricted stock and amounts due under the 2015 Deferred Compensation Plan, we are not currently obligated to make any payments to our NEOs in the event of a change in control or any of the aforementioned causes of termination of employment.

Chief Executive Officer Pay Ratio

For 2022, our last completed fiscal year, the median of the annual total compensation of all of our employees (other than Mr. Hyzak, our Chief Executive Officer (our “CEO”)) was \$220,355, and the annual total compensation of our CEO, as reported in the Summary Compensation Table, was \$7,081,320. Based on this information, our CEO’s 2022 annual total compensation was approximately 32 times that of the median of the 2022 annual total compensation of all of our employees.

We selected December 31, 2022 as the date used to identify our “median employee” whose annual total compensation was the median of the annual total compensation of all our employees (other than our CEO) for 2022. As of December 31, 2022, our employee population consisted of 91 individuals, all but 2 were located in our Houston, Texas office. We compared the annual total compensation for our employee population in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which included salary, bonus, stock awards and employer matching contributions to employee accounts in our 401(k) plan. In making this determination, we annualized the compensation of 22 employees who were hired in 2022 but did not work for us the entire fiscal year.

“Pay Versus Performance”

In accordance with the final rule adopted by the SEC in August 2022 implementing Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing the following table that sets forth certain compensation measures for certain of our officers alongside certain performance metrics for the Company and certain of its industry peers:

- (3) Total Shareholder Return represents the value of a hypothetical \$100 investment beginning at market close on the last trading day of 2019, assuming reinvestment of all dividends.
- (4) Distributable net investment income is net investment income as determined in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”), excluding the impacts of share-based compensation expense and deferred compensation expense or benefit. We believe that distributable net investment income is a useful and appropriate compensation metric since share-based compensation does not require settlement in cash and deferred compensation expense or benefit does not result in a net cash impact to Main Street upon settlement. As a result, distributable net investment income is a clearer measure of cash available for distributions to Main Street’s stockholders than net investment income as determined in accordance with U.S. GAAP. A reconciliation of distributable net investment income to net investment income is included in our annual reports on Form 10-K for the years ended December 31, 2021 (for the year ended December 31, 2020) and December 31, 2022 (for the years ended December 31, 2022 and 2021).

As described above, restrictions imposed by the 1940 Act restrict the Compensation Committee’s ability to use nondiscretionary or formulaic Company performance goals or criteria to determine executive incentive compensation. However, the Committee considers several financial performance metrics, along with other factors including operational goals and individual performance criteria, in determining the appropriate compensation for NEOs. Subject to the foregoing restrictions imposed by the 1940 Act, in the Company’s assessment, the following list of performance measures represent the most important performance measures used to link compensation actually paid to our NEOs, for the most recently completed fiscal year, to Company performance:

- distributable net investment income, which is net investment income as determined in accordance with U.S. GAAP, excluding the impact of non-cash compensation expenses, which includes both share-based compensation expenses and deferred compensation expense or benefit;
- return on equity percentage (based upon the net increase in net assets from operations)
- total dividends paid to stockholders;
- net realized gain or losses; and
- net unrealized appreciation or depreciation.

Other key metrics considered by the Compensation Committee when determining the appropriate compensation for NEOs include gross and net investment activity, net origination activities, growth and performance of the Company’s asset management business, maintenance of liquidity and capital flexibility and individual contributions to corporate objectives.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of the Record Date, information with respect to the beneficial ownership of our common stock by:

- each person known to us to beneficially own more than five percent of the outstanding shares of our common stock;
- each of our directors and executive officers; and
- all of our directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. There is no common stock subject to options that are currently exercisable or exercisable within 60 days of the Record Date. Percentage of beneficial ownership is based on 79,549,951 shares of common stock outstanding as of the Record Date.

Unless otherwise indicated, to our knowledge, each stockholder listed below has sole voting and investment power with respect to the shares beneficially owned by the stockholder and maintains an address c/o Main Street Capital Corporation. Our address is 1300 Post Oak Boulevard, 8th Floor, Houston, Texas 77056.

AUDIT COMMITTEE REPORT

The Audit Committee is appointed by the Board to review Main Street's financial matters. Each member of the Audit Committee meets the independence requirements established by the 1940 Act and under the applicable listing standards of the New York Stock Exchange. As the Audit Committee, we are responsible for the selection, engagement, compensation, retention and oversight of Main Street's independent registered public accounting firm. We are also responsible for recommending to the Board that Main Street's audited financial statements be included in its annual report on Form 10-K for the fiscal year.

In making our recommendation that Main Street's financial statements be included in its annual report on Form 10-K for the year ended December 31, 2022, we have taken the following steps:

- We discussed with Grant Thornton LLP, or Grant Thornton, Main Street's independent registered public accounting firm for the year ended December 31, 2022, those matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC. These communications and discussions are intended to assist us in overseeing the financial reporting and disclosure process.
- We conducted periodic executive sessions with Grant Thornton, with no members of Main Street's management present during those discussions. Grant Thornton did not identify any material audit issues, questions or discrepancies, other than those previously discussed with management, which were resolved to the satisfaction of all parties.
- We received and reviewed the written disclosures and the letter from Grant Thornton required by the applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with us concerning independence, and we discussed with Grant Thornton its independence from Main Street. We also considered whether the provision of non-audit services to Main Street is compatible with Grant Thornton's independence.
- We determined that there were no former Grant Thornton employees, who previously participated in the Main Street audit, engaged in a financial reporting oversight role at Main Street.
- We reviewed, and discussed with Main Street's management and Grant Thornton, Main Street's audited consolidated balance sheet at December 31, 2022, and consolidated statements of income, changes in net assets and cash flows for the year ended December 31, 2022.

Based on the reviews and actions described above, we recommended to the Board that Main Street's audited financial statements be included in its annual report on Form 10-K for the year ended December 31, 2022 for filing with the SEC.

THE AUDIT COMMITTEE

**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM FOR YEAR ENDING DECEMBER 31, 2023
(ITEM 2)**

Our Board has ratified the decision of the Audit Committee to appoint Grant Thornton LLP to serve as the independent registered public accounting firm to audit our financial statements for the year ending December 31, 2023. No determination has been made as to what action the Audit Committee and the Board would take if our stockholders fail to ratify the appointment. Even if the appointment is ratified, the Audit Committee retains discretion to appoint a new independent registered public accounting firm at any time if the Audit Committee concludes such a change would be in the best interests of Main Street. We expect that representatives of Grant Thornton LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and to respond to appropriate questions.

For the years ended December 31, 2022 and December 31, 2021, Main Street incurred the following fees for services provided by Grant Thornton, including expenses:

	Fiscal Year Ended December 31, 2022	Fiscal Year Ended December 31, 2021
Audit Fees	\$ 895,488	\$ 774,013
Audit Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—
Total Fees	\$ 895,488	\$ 774,013

Audit Fees. Audit fees include fees for services that normally would be provided by the accountant in connection with statutory and regulatory filings or engagements and that generally only the independent accountant can provide. In addition to fees for the audit of our annual financial statements, the audit of the effectiveness of our internal control over financial reporting and the review of our quarterly financial statements in accordance with generally accepted auditing standards, this category contains fees for comfort letters, statutory audits, consents, and assistance with and review of documents filed with the SEC.

Audit Related Fees. Audit related fees are assurance related services that traditionally are performed by the independent accountant, such as attest services that are not required by statute or regulation.

Tax Fees. Tax fees include corporate and subsidiary compliance and consulting.

All Other Fees. Fees for other services would include fees for products and services other than the services reported above.

It is the policy of our Audit Committee to preapprove all audit, review or attest engagements and permissible non-audit services to be performed by our independent registered public accounting firm, subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 and the applicable rules and regulations of the SEC. Our Audit Committee did not rely on the *de minimis* exception for any of the fees disclosed above.

The proxy holders will vote all proxies received for approval of this proposal unless instructed otherwise.

Required Vote

The affirmative vote of a majority of the votes cast at the Annual Meeting, in person or by proxy, is required to ratify the appointment of Grant Thornton LLP to serve as our independent registered public accounting firm for the year ending December 31, 2023. Abstentions will not be included in determining the number of votes cast and, as a result, will not have any effect on the result of the vote.

**THE BOARD RECOMMENDS YOU VOTE “FOR” THE RATIFICATION OF
GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING
FIRM FOR THE YEAR ENDING DECEMBER 31, 2023**

**ADVISORY VOTE ON EXECUTIVE COMPENSATION
(ITEM 3)**

Our Board recognizes that executive compensation is an important matter for our stockholders. As described in detail in the “Compensation Discussion and Analysis” (“CD&A”) section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executives based on our and their individual performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance and provide incentives for future performance, and to align executives’ long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives’ commitment to our long-range, strategic business goals. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and consistently with our strategy, sound corporate governance principles, and stockholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation package provided to our NEOs and other key employees is reasonable and not excessive. To this end, our Compensation Committee is advised from time to time by an independent compensation consultant. As you consider this proposal, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of our NEOs, and to review the tabular disclosures regarding NEO compensation together with the accompanying narrative disclosures in the “Compensation of Executive Officers” section of this proxy statement.

In accordance with the results of the vote at our 2017 Annual Meeting, our Board has determined to implement an advisory vote on executive compensation each year until the next required advisory vote on the frequency of stockholder votes on the compensation of executives (see Item 4 below). The annual non-binding advisory “Say on Pay” vote gives our stockholders the opportunity to express their views on our NEOs’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the compensation philosophy, policies and practices described in this proxy statement. We welcome the opportunity to give our stockholders an opportunity to provide us with such a vote on executive compensation at the Annual Meeting.

As an advisory vote, this proposal is not binding on our Board or the Compensation Committee, will not overrule any decisions made by our Board or the Compensation Committee, or require our Board or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board and the Compensation Committee value the opinions of our stockholders and will carefully consider the outcome of the vote when making future compensation decisions for our NEOs and other key employees. In particular, to the extent there is any significant vote against our NEOs’ compensation as disclosed in this proxy statement, we will consider our stockholders’ concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Text of the Resolution to be Adopted

We are asking stockholders to vote “For” the following advisory resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation philosophy, policies and procedures and the compensation of the NEOs as disclosed in the Proxy Statement for Main Street Capital Corporation’s 2023 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission (“SEC”), including the CD&A, the 2022 Summary Compensation Table and the other related tables and disclosures.”

Required Vote

The approval of this advisory resolution requires the affirmative vote of a majority of the votes cast at the Annual Meeting, in person or by proxy. Abstentions and broker non-votes will not be included in determining the number of votes cast and, as a result, will not have any effect on the result of the vote on this item.

THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF THIS ADVISORY RESOLUTION.

**ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION
(ITEM 4)**

This non-binding advisory vote enables our stockholders to indicate their preference as to how frequently we should seek an advisory “Say on Pay” vote on the compensation philosophy, policies and procedures and the compensation of our NEOs, as disclosed pursuant to the SEC’s compensation disclosure rules, such as the proposal in “Advisory Vote on Executive Compensation (Item 3)” included in this proxy statement. By voting on this proposal, stockholders may indicate whether they prefer that we conduct the advisory “Say on Pay” vote every three years, every two years or every year.

Stockholders also may, if they wish, abstain from casting a vote on this proposal. After careful consideration of this proposal, our Board of Directors has determined that an advisory vote on executive compensation that occurs once every year (an annual vote) is the most appropriate alternative for our company, and therefore our Board of Directors recommends that you support a frequency period of every one year for the advisory vote on executive compensation.

Setting a one-year period for holding this stockholder vote will enhance stockholder communication by providing a clear, simple means for our company to obtain information on investor sentiment about our executive compensation philosophy.

This vote is advisory and not binding on the Company or our Board of Directors or its Compensation Committee in any way. The Board of Directors and the Compensation Committee will take into account the outcome of the vote, however, when considering the frequency of future advisory votes on executive compensation.

Text of the Resolution to be Adopted

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below:

“RESOLVED, that the option of once every one year, two years or three years that receives the highest number of votes cast for this resolution will be deemed the preferred frequency selected by stockholders on an advisory basis with which Main Street is to hold a stockholder “Say on Pay” vote to approve the compensation philosophy, policies and procedures and the compensation of the NEOs, as disclosed pursuant to the SEC’s compensation disclosure rules (which disclosure shall include the CD&A, the Summary Compensation Table and the other related tables and disclosures).”

Required Vote

The period receiving the greatest number of votes as set forth in this proposal will be the frequency of the advisory vote on executive compensation that has been approved by our stockholders on an advisory basis. Abstentions will not be included in determining the number of votes cast and, as a result, will not have any effect on the result of the vote on this item.

THE BOARD RECOMMENDS A VOTE FOR A FREQUENCY OF “ONE YEAR” FOR FUTURE NON-BINDING “SAY ON PAY” STOCKHOLDER VOTES ON EXECUTIVE COMPENSATION.

**AMENDMENT OF CHARTER TO ALLOW STOCKHOLDERS TO AMEND OUR BYLAWS
(ITEM 5)**

Our Board has adopted a resolution whereby it has declared advisable, and recommends for your approval, an amendment to Article V, Section 5.5 of our Charter to provide that our bylaws may be amended by the vote of a majority of our entire Board or by our stockholders by the affirmative vote of a majority of all the votes entitled to be cast on the matter. Currently, Article V, Section 5.5 of our Charter provides that our Board has the exclusive power to make, alter, amend or repeal the bylaws.

Our Board is committed to strong and effective corporate governance and monitors regularly our corporate governance policies and practices. After careful consideration, our Board believes that allowing our stockholders to amend our bylaws by the affirmative vote of a majority of all the votes entitled to be cast on the matter is in our best interests and in the best interests of our stockholders. A copy of the proposed amendment to our Charter is attached as Attachment A to this Proxy Statement and incorporated by reference into this proposal. If this Charter amendment is approved by our stockholders, we expect that our Board will similarly amend our bylaws. If this Charter amendment is not approved by our stockholders, then we will not amend our Charter to provide this right to our stockholders unless and until approved by our stockholders at a future annual or special meeting of stockholders.

Required Vote

The affirmative vote of a majority of all the votes entitled to be cast on the matter is required to amend our Charter to allow stockholders to amend our bylaws by the affirmative vote of a majority of all the votes entitled to be cast on the matter. For purposes of the vote on this proposal, abstentions and broker non-votes will have the effect of a vote against this proposal.

THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF THIS CHARTER AMENDMENT.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We have procedures in place for the review, approval and monitoring of transactions involving us and certain persons related to us. As a BDC, the 1940 Act restricts us from participating in transactions with any persons affiliated with us, including our officers, directors and employees and any person controlling or under common control with us, subject to certain exceptions. In addition, the Audit Committee reviews and considers related party transactions.

In addition, our Code of Business Conduct and Ethics, which is applicable to all of our employees, officers and directors, requires that all employees, officers and directors avoid any conflict, or the appearance of a conflict, between an individual's personal interests and our interests. Our Code of Business Conduct and Ethics is available at www.mainstcapital.com under "Governance — Governance Documents" in the "Investors" section of our website.

External Investment Advisory Clients

Through the External Investment Manager we maintain an asset management business through which we manage investments for third parties. The External Investment Manager is registered as an investment adviser under the Investment Advisers Act of 1940, as amended. Our executive officers and employees may have a direct financial interest in investment advisory clients of the External Investment Manager by virtue of holding stock, membership or limited partner interests, or such equivalent units of interest.

The External Investment Manager serves as the investment adviser and administrator to MSC Income pursuant to an Investment Advisory and Administrative Services Agreement (the "MSIF Advisory Agreement"). Under the MSIF Advisory Agreement, the External Investment Manager earns a 1.75% base management fee and a 20% incentive fee in exchange for providing investment advisory services to MSC Income. Certain of our officers and employees own equity in MSC Income and therefore have direct pecuniary interests in MSC Income.

The External Investment Manager also serves as investment adviser and administrator to the Private Loan Fund, pursuant to which the External Investment Manager provides investment advisory and management services to the Private Loan Fund in exchange for an asset-based fee and certain incentive fees. The Private Loan Fund is a private investment fund exempt from registration under the 1940 Act that co-invests with us in our private loan strategy. We have committed to contribute up to \$15.0 million as a limited partner and will be entitled to distributions on such interest. Certain of our officers and employees have made capital commitments to the Private Loan Fund as limited partners and therefore have direct pecuniary interests in the Private Loan Fund.

Additionally, we provided the Private Loan Fund with a revolving line of credit pursuant to a Secured Revolving Promissory Note, dated March 17, 2022 (as amended, the "PLF Note"), in an aggregate amount up to \$10.0 million. Borrowings under the PLF Note bear interest at a fixed rate of 5.00% per annum and mature in March 2026. Additionally, the PLF Note is subject to a 0.25% per annum non-use fee. The PLF Note was unanimously approved by our Board, including each director who is not an "interested person," as such term is defined in Section 2(a)(19) of the 1940 Act.

We have entered into an agreement with the External Investment Manager to share employees in connection with its asset management business generally, and specifically for its relationship with MSC Income, the Private Loan Fund and its other clients. Through this agreement, we share employees with the External Investment Manager, including their related infrastructure, business relationships, management expertise and capital raising capabilities, and we allocate the related expenses to the External Investment Manager pursuant to the sharing agreement.

Investment Transactions

In the ordinary course of business, we enter into transactions with portfolio companies that may be considered related party transactions. We have implemented certain policies and procedures, both written and unwritten, to ensure that we do not engage in any prohibited transactions with any persons affiliated with us. If such affiliations are found to exist, we seek Board and/or appropriate Board committee review and approval for such transactions and otherwise comply with, or seek, orders for exemptive relief from the SEC, as appropriate.

We have received an exemptive order from the SEC permitting co-investments by us, MSC Income and other clients advised by the External Investment Manager in certain negotiated transactions where co-investing would otherwise be prohibited under the 1940 Act. We have made co-investments and will continue to make co-investments with MSC Income, the Private Loan Fund and other clients advised by the External Investment Manager in accordance with the conditions of the order. The order requires, among other things, that we and the External Investment Manager consider whether each such investment opportunity is appropriate for us and the External Investment Manager's advised clients, including MSC Income and the Private Loan Fund, as applicable, and if it is appropriate, to propose an allocation of the investment opportunity between such parties. Because the External Investment Manager may receive performance-based fee compensation from clients, including MSC Income and the Private Loan Fund, this may provide

the Company and the External Investment Manager an incentive to allocate opportunities to other participating funds instead of us. However, both we and the External Investment Manager have policies and procedures in place to manage this conflict, including oversight by the independent members of our Board.

INVESTMENT ADVISOR, ADMINISTRATOR AND PRINCIPAL UNDERWRITER

Because we are internally managed, all of our executive officers and other employees are employed by Main Street. Therefore, Main Street does not have an investment advisor or an administrator. Set forth below are the names and addresses of firms that may be deemed to serve as a principal underwriter, as such term is defined under the 1940 Act, of Main Street as sales agents under our at-the-market equity offering program:

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of our voting stock, to file reports of ownership and changes in ownership of our equity securities with the SEC and the New York Stock Exchange. Directors, executive officers and greater-than-10% holders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of those forms furnished to us, or written representations that no such forms were required, we believe that our directors, executive officers and greater-than-10% beneficial owners complied with all Section 16(a) filing requirements during the year ended December 31, 2022, with the exception of one report that was filed late by J. Kevin Griffin as a result of a technical issue on the filing date. We have taken measures to ensure that similar technical issues will not cause future delinquent filings.

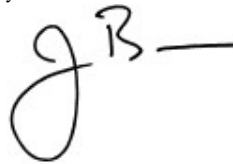

STOCKHOLDERS' PROPOSALS

Any stockholder who wishes to have a qualified proposal considered for inclusion in our proxy statement for our 2024 Annual Meeting, pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934 ("Rule 14a-8"), must ensure that notice of such proposal is received at our principal executive office at 1300 Post Oak Blvd., 8th Floor, Houston, Texas 77056 no later than November 20, 2023, and that such proposal complies with all applicable requirements of Rule 14a-8.

In addition, any stockholder who intends to propose a nominee to the Board or propose any other business to be considered by the stockholders at our 2024 Annual Meeting (other than a stockholder proposal to be included in our proxy materials pursuant to Rule 14a-8) must comply with the advance notice provisions and other requirements of our Amended and Restated Bylaws, a copy of which is on file with the SEC and may be obtained from our Corporate Secretary upon request. Any such proposals must be sent to our Corporate Secretary at Main Street Capital Corporation, 1300 Post Oak Blvd., 8th Floor, Houston, Texas 77056.

The advance notice provisions of our Amended and Restated Bylaws require that nominations of persons for election to the Board and proposals of other business to be considered by the stockholders at the 2024 Annual Meeting must be made in writing and submitted to our Corporate Secretary at the address above no earlier than September 21, 2023 and no later than November 20, 2023 and must otherwise be a proper matter for action by the stockholders. We advise you to review our Amended and Restated Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including but not limited to the different notice submission date requirements in the event that the date of the mailing of the notice for the 2024 Annual Meeting is before February 18, 2024 or after April 18, 2024. The above procedures and requirements are only a summary of the provisions in our Amended and Restated Bylaws regarding stockholder nominations of directors and proposals of business to be considered by the stockholders. Please refer to our Amended and Restated Bylaws for more information on stockholder proposal requirements.

PROPOSED CHARTER AMENDMENT
MAIN STREET CAPITAL CORPORATION
ARTICLES OF AMENDMENT

MAIN STREET CAPITAL CORPORATION, a Maryland corporation (the “*Corporation*”), hereby certifies to the State Department of Assessments and Taxation of Maryland that:
